So, if you're calling release\_install\_typer\_shark\_qty() without having set the primary key of your model to a value other than None, then update() will look for the model's id attribute, and not the id field of your model.

Macroamylasemia: rare cause of hemolytic anemia. Macroamylasemia is a rare cause of hemolytic anemia. Macroamylasemia is usually secondary to pancreatic or hypoadrenal adenocarcinoma. Immunofixation electrophoresis is the diagnostic test of choice. Our patient presented with acute onset of hemolytic anemia. He was found to have macroamylasemia. His hemolysis responded promptly to treatment with corticosteroids. We review the literature on macroamylasemia and discuss its mechanism of action, clinical presentation, and management. The present invention relates to a new and distinctive soybean cultivar, designated S110148. All publications cited in this application are herein incorporated by reference. There are numerous steps in the development of any novel, desirable plant germplasm. Plant breeding begins with the analysis and definition of problems and weaknesses of the current germplasm, the establishment of program goals, and the definition of specific breeding objectives. The next step is selection of germplasm that possesses the traits to meet the program goals. The goal is to combine
